Hello, and welcome all to the 2017 North Carolina State 4-H Council Conference! We have an exciting two days planned, full of workshops and activities that we hope will encourage you all to step outside your comfort zone and Dream Big about accomplishing anything you set your mind to! You'll learn how to understand your own abilities and those of others', and how to utilize everyone's ideas and abilities to create a team focused on accomplishing a task or resolving a problem. And create a team you will! State Council Conference brings together 4-H'ers across the state, from the great mountains to the vast sea. You'll be able to reconnect with friends of 4-H events past, and make new friends for events of the future. We look forward to seeing you all in attendance, and together, let's make this year's conference one for the record books!
