AIRE Electronic Video (EV)

Electronic Video (EV): Candidates will create and submit a 3-minute video (videos submitted over 3 minutes in length will NOT be viewed / scored). Candidates can use their phones, tablet or computer to record a 3-minute video that covers this year’s question (see below). *Candidates should include a link to their EV on their Resume.

- EV Prompt for 2020: “YOU have a background, identity, interest, or talent that is so meaningful that your 4-H AIRE application would be incomplete without it. Share your story.”

This EV prompt offers all the flexibility a candidate could ask - it’s got just enough direction to get those creative fountains flowing. Focus on the key words “background,” “identity,” “interest,” and “talent” and use them as launch points for your brainstorming. What about your history, personality, hobbies, or accomplishments might be worth highlighting in a 3-minute video application? It can be something as small as seeing an episode of a television show (are you living life in the Upside Down?) or as large as the struggle of moving to new school (especially if you had to leave behind friends). The most important thing to consider for this VE prompt is that your subject and/or perspective is dynamic and specific to you and who you are and no one else.
Functional Resume

A functional resume focuses on your skills and experiences, rather than on your chronological 4-H History. It is used most often by youth who are involved in a variety of 4-H programs, youth who have less than five years of 4-H experiences, or youth who wish to focus on their experiences and skills vs. leadership positions and previous accomplishments.

I. **Header:** Name, address, email address, phone number

II. **Professional Statement:** This is a short statement describing your career aspirations (including college / work plans). **OR**

**AIRE Summary Statement:** This is a short statement that describes your purpose for applying (state what trip you are applying for and what subject area). You can briefly mention your 4-H career highlights, including past roles and your strongest skills.

III. **Education:** This contains middle school / high school or college information, expected date of graduation and course of study. Include academic honors.

IV. **4-H Project Experience:** For each project or activity, format it after the following example and include:
   - Amount of time you were involved, size, scope of project,
   - extent and diversity of knowledge and skills, reflection of competency,
   - extent and level of responsibilities, personal growth,
   - how you extended your knowledge into your community

V. **4-H Citizenship & Leadership Experience:** In this section, provide information about 4-H related activities in the areas of citizenship and leadership.

VI. **Community Service, Citizenship & Leadership Experience: Organizations:** In this section, provide information about activities within 4-H and non 4-H in the areas of community service. Format it after the following example and include: the duration and extent of your involvement,
   - your roles and responsibilities, the size and scope of your effort,
   - time spent, impact and resources committed, and what you accomplished individually or as a team.
Chronological Resume

A chronological resume starts by listing your 4-H history, with the most recent position listed first. Your leadership positions are listed in reverse chronological order with your current, or most recent position, first. This type of resume works well for youth with a strong, solid 4-H history.

I. **Header:** Name, address, email address, phone number

II. **Professional Statement:** This is a short statement describing your career aspirations (including college / work plans).  **OR**

   **AIRE Summary Statement:** This is a short statement that describes your purpose for applying (state what trip you are applying for and what subject area). You can briefly mention your 4-H career highlights, including past roles and your strongest skills.

III. **4-H Project Experience:** Begin with your most recent major 4-H accomplishments and continue backward to report your 4-H history. List and explain accomplishments (briefly) including dates and level (county, district, state, etc.).

   - Try to begin each bulleted sentence with an action word.
   - Write about your experience and skills to aim toward the accomplishment.
   - Provide the most information about your most recent accomplishment. For example: write a brief description consisting of a few sentences followed by a short list of bulleted items.
   - Show growth and progress with responsibilities.
   - Stress achievements and accomplishments.

IV. **Education:** This contains middle school / high school or college information, expected date of graduation and course of study. Include academic honors.

V. **4-H Citizenship & Leadership Experience:** In this section, provide information about 4-H related activities in the areas of citizenship and leadership.

VI. **Community Service, Citizenship & Leadership Experience:** In this section, provide information about activities you’ve been involved within 4-H and non-4-H in the areas of community service. Format it after the following example and include: the duration and extent of your involvement,
   - your roles and responsibilities, the size and scope of your effort,
   - time spent, impact and resources committed, and what you accomplished individually or as a team.
Combination Resume

A combination resume lists your skills and experience first. Your 4-H history is listed next. With this type of resume you can highlight the skills you have that are relevant to the 4-H trip you are applying for, and also provide the chronological 4-H history reviewers prefer.

I. **Header:** Name, address, email address, phone number

II. **Professional Statement:** This is a short statement describing your career aspirations (including college / work plans). **OR**

   **AIRE Summary Statement:** This is a short statement that describes your purpose for applying (state what trip you are applying for and what subject area). You can briefly mention your 4-H career highlights, including past roles and your strongest skills.

III. **Summary of Qualifications:** Statement that describes your expertise, leadership abilities, and skill set. The summary should give the reviewer an idea of who you are, except it allows you to focus more on your 4-H experience than on your goals. You can briefly mention your 4-H career highlights, including past roles and your strongest skills.

IV. **Accomplishments:** Begin with your most recent major 4-H accomplishments and continue backward to report your successes in 4-H, school, work and / or volunteer service.

V. **4-H Experience:** In bulleted format outline your 4-H experiences, starting with the most recent and significant.

VI. **Education:** This contains middle school / high school or college information, expected date of graduation and course of study. Include academic honors.

VII. **4-H Community Service, Citizenship & Leadership Experience:** In this section, provide information about 4-H and non-4-H related activities in the areas of community service, citizenship and leadership.

3. What are the students here like?
4. How are roommates matched?
5. How many students in last year's freshman class returned for their sophomore year?

College Interview Mistakes

1. **Being Late.** Admissions people are busy. Alumni interviewers are probably taking time out of their full-time jobs to meet with you. Lateness disrupts schedules and shows irresponsibility on your part. If you can't avoid being late – call and let the interview know of your situation and ask to either reschedule or push your interview time back to a comfortable time.

2. **Under dress.** Business casual is your safest bet, but the main thing is to look neat and put-together. You'll look like you don't care if you show up wearing ripped jeans or and a vintage t-shirt.

3. **Talk to Little.** Your interviewer wants to get to know you. If you answer every question with a "yes," "no," or a grunt, you're not impressing anyone, and you're not demonstrating that you can contribute to the intellectual life of the campus. On the flip side – don't be a babbling brook – answer the questions and be yourself but don't dominate the conversation.

4. **Chew Gum.** It's distracting and annoying.

5. **Bring your parents.** The interviewer wants to get to know you, not your parents. Also, it's hard to look like you're mature enough for college if Dad is asking all the questions for you.

6. **Lie.** This should be obvious, but some students do get themselves in trouble by fabricating half-truths or exaggerating during the interview. Remember they have SEEN your grades and your test scores as well as your reference letters.

7. **Fail to research the college.** If you ask questions that could easily be answered by the college's website, you'll send the message that you don't care enough about the school to do a little research. Ask questions that show you know the place: "I'm interested in your Honors Program; could you tell me more about it?"

8. **Being rude.** Good manners go a long way. Shake hands. Address your interviewer by name. Say "thank you." Introduce your parents if they are in the waiting area. Say "thank you" again. Send a handwritten thank you note.

Guideline - Electronic Video: Candidates will create and submit a **3-minute video** (videos submitted over 3 minutes in length will NOT be viewed / scored). Candidates can use their phones, tablet or computer to record a 3-minute video that covers this year’s question (see below). ***Candidates should include a link to their EV on their Resume.***

**EV Prompt for 2020:** “YOU have a background, identity, interest, or talent that is so meaningful that your 4-H AIRE application would be incomplete without it. Share your story.”

§ This EV prompt offers all the flexibility a candidate could ask - it’s got just enough direction to get those creative fountains flowing. Focus on the key words “background,” “identity,” “interest,” and “talent” and use them as launch points for your brainstorming. What about your history, personality, hobbies, or accomplishments might be worth highlighting in a 3-minute video application? It can be something as small as seeing an episode of a television show (are you living life in the Upside Down?) or as large as the struggle of moving to new school (especially if you had to leave behind friends). The most important thing to consider for this EV prompt is that your subject and/or perspective is dynamic and specific to you and who you are and no one else.
