Outbound Application Overview

The States' 4-H Outbound Application is split into the following sections:

- A. Outbound Program Selection
- B. Personal Information
- C. Health & Allergy Information
- D. Host Family Matching
- E. Additional Information
- F. Long Responses
- G. Supplemental Documents

A: Outbound Program Selection

In this section, you will select your *top 4* choices for Outbound travel. Please **ONLY** select countries that you are willing to travel to – in other words, if you only are interested in traveling to two Outbound countries, please only select those two countries. In this example, you would just select “none” for your third and fourth choice.

If you are interested in traveling to Japan, States' 4-H partners with two different youth organizations in Japan. Please make sure to select either Labo, LEX, or no preference. If you did not rank a Japan program, select “I did not choose a Japan Program.”

B: Personal Information

Please complete all questions in the Personal Information section. It is vital that States' 4-H has correct contact information for applicants, their parents/guardians, and an emergency contact. Please ensure that you are inputting your name *exactly* as it is listed in your passport.

C. Health & Allergy Information

Although the full Medical Form is not due to States' 4-H until March 1, we ask all applicants to provide preliminary medical information as part of their application. A sample allergy description is provided below:

For EACH Allergy, please list the following information in the text box below:

1. Type of Allergy
2. Severity of Allergy (1 mild -- 5 severe)
3. Allergic Reaction(s)
4. Medication (name and dosage)
5. Any Additional Info

*Note: If you do not have any allergies, please just type "N/A" in the box below. **

The screenshot shows a rich text editor interface. The toolbar includes icons for undo, redo, bold, italic, underline, bulleted list, numbered list, link, unlink, and table. The text area contains the following sample description:

1. Allergic to Amoxicillin
2. Severity: (2 -- fairly mild)
3. Reaction: Mild rash, itchiness
4. No medication -- reaction goes away after an hour or so
5. No other information to provide

At the bottom right of the editor, it says "POWERED BY TINYMCE". A red arrow points from the text box to a separate box on the right.

Sample description of allergy to amoxicillin. If you have multiple allergies, please list all in this field.

Please attach an additional page with more allergy information, if necessary.

Maximum File Size: 5MB

Please note that there is ONE box to fill out all allergy information. If you have multiple allergies, you must add them all to this box – you can title them “Allergy 1, Allergy 2, etc...” If you feel like the text box is large enough to provide all necessary information, you can always attach an additional file with more information.

There is a similar section for health concerns directly below the allergy section. The same procedure as listed above applies to the health concerns section.

D: Host Family Matching

In this section, you will indicate your host family preferences and whether or not you are applying to be placed with a specific host family. Please note that States' 4-H cannot guarantee that your preferred host family will be available during the exchange, but we will do our best to place you with that family.

The Argentina Exchange Program does *not* have a host family component, so these questions will not apply to that program. However, because most applicants will also rank other exchange programs in their applications, it is requested that ALL applicants complete the host family information questions.

E: Additional Information

This sections contains additional questions relating to your travel experience, airport preferences, hosting experience, and foreign language knowledge. Please note that is *not* required to have any foreign language knowledge prior to travel on States' 4-H Outbound Exchange Programs.

F: Long Responses

In this section, you will complete the required essays, short-answer questions, and letter to your host family. It is recommended to first type your answers in a separate word document, and then copy/paste them into the application.

TIP: Remember that you can save/exit your application and re-log in if you don't want to finish all the questions at one time!

G: Supplemental Documents

In this section, you will provide photos of yourself and your family, upload a photo of your passport (if you have one), and add any supplemental documents that your state requires.

Photo Uploads

We ask that you please submit three photos of yourself and your family, including one headshot. You can combine these into one document and submit, OR upload three separate files:
